Emergency Nurses Association

TNCC (Trauma Nursing Core Course)

ENA developed and implemented the TNCC for national and international dissemination as a means of identifying a standardized body of trauma nursing knowledge. The TNCC (Provider) course is designed to provide the learner with cognitive knowledge and psychomotor skills.

ENPC (Emergency Nursing Pediatric Course)

The course presents a systematic assessment model, integrates the associated anatomy, physiology and pathophysiology and identifies appropriate interventions. Triage categorization and injury prevention strategies are included in the course content. ENPC is taught using a variety of formats including, online learning, lectures, videos, group discussion and hands-on skill stations that encourage participants to integrate their psychomotor abilities into a patient situation in a risk-free setting.

TNCC & ENPC **Full Class** **2 Days** **8:00a-5:30p**	**TNCC Dec. 5 & 12 2013** **ENPC Dec. 3,9,16, 19, 2013**	**Kennedy Cherry Hill** **Washington Twp**	*Manual Included* **Non-ENA Member$350.00** **ENA Member $300.00**

ACLS Precourse (Advanced Cardiac Life Support)

Kennedy Health System is now offering a pre-ACLS course. This one-of-a-kind course is designed to address the needs of participants planning to take the full ACLS course in the near future. This course is perfect for the student taking ACLS for the first time and the student who does not routinely deal with patients in cardiopulmonary arrest. The pre-ACLS course highlights rhythm interpretation, pharmacology, airway management, and algorithms.

Cherry Hill	Fee	Discount
12/20/2013 **8a – 11a**	**$25.00** Pre course packet included	**$25.00** off the cost of ACLS Full course if scheduled at same time as pre-course **$250.00** precourse & Full

ACLS (Advanced Cardiac Life Support)

ACLS is an advanced, instructor-led classroom course that highlights the importance of team dynamics and communication, systems of care and immediate post-cardiac-arrest care. It also covers airway management and related pharmacology. In this course, skills are taught in large, group sessions and small, group learning and testing stations where case-based scenarios are presented.

Full Class **2 Days** **8a-4p**	**15th & 16th Every Month** *Regardless of the day it falls on*	**UMDNJ Academic Center**	**Room information will be provided on confirmation**	**$250.00** (manual included)

PALS (Pediatric Advanced Life Support)

Pediatric Advanced Life Support (PALS) is a classroom, video-based, Instructor-led course that uses a series of simulated pediatric emergencies to reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation and team dynamics. The goal of the PALS Course is to improve the quality of care provided to seriously ill or injured children, resulting in improved outcomes.

Full Class **2 Days** **8a -4p**	**6th & 7th Every Month** *Regardless of the day it falls on*	**UMDNJ Stratford Academic Center**	**TBA**	**$250.00** (manual included)
